HERE'S WHAT PEOPLE HAVE TO SAY...

- **ABOUT OUR RESOURCE DATABASE:**

“I’ve used the 2-1-1 resource database for personal reasons and at work. On a personal level, I was able to help a close friend of mine who was in need of services as she struggled to find caregiving and transportation help for a loved one who was suffering from Alzheimer’s. At work, I search the 2-1-1 database for all sorts of resources to help my clients find services that meet their needs. Every year I look for their holiday giving list because it is so comprehensive in providing local gift giving resources and holiday meal programs. I’m always searching their database for volunteer resources too. People need help and just don’t have the money to pay for it. NJ 2-1-1 is a great place to turn for community resources like this.”

– *Loriann Scarpino, Community Outreach Coordinator, Ocean County Family Support Organization*

- **ABOUT OUR STAFF:**

“You are a breath of fresh air, someone who actually cares about people in this situation. Thank you, Monique. What you do is so important. Thank you for being so responsive and helpful.”

– *Excerpted from an inquiry we received from a woman named Kim who was looking for help for a friend*

- **ABOUT OUR SERVICES:**

“I thought I could do it all myself, but then I realized I couldn’t. And I said to myself, ‘Roberta, you haven’t done anything you need to be ashamed of. You’re just trying to raise your granddaughter, and you need help.’ I can’t say enough about 2-1-1. They will help you find emergency assistance. I was at my wit’s end that day. 2-1-1 changed all that for me.”

– *Essex County grandmother*
